

Kentucky Voters Support Welfare Reform

Work Requirements for Food Stamps

Voters support requiring able-bodied, working age adults with no children at home to work or train for at least 20 hours per week in order to receive taxpayer funded food stamp benefits.

Enhanced Eligibility Verification

Voters support more frequent and robust eligibility checks for welfare applicants to preserve resources for those who need them most and prevent spending on enrollees who are no longer eligible.

Asset Tests

Voters support checking welfare applicants' financial assets to preserve limited resources for the truly needy.

METHODOLOGY

Results for this poll are based on automated telephone interviews conducted among 503 likely voters. Data for this survey research was collected by Cor Strategies Inc. Interviews were conducted via a computer-assisted telephone interviewing system utilizing techniques designed to achieve the highest possible respondent cooperation. The surveys were conducted November 30 - December 4, 2015. The margin of sampling error is plus or minus 4.37 percentage points. The margin of sampling error may be higher for certain subgroups. Results presented may not always appear to total 100 percent due to rounding. Data was sampled using weighted demographic information from the U.S. Census Bureau's Current Population Survey Voting and Registration Supplement and the Kentucky State Board of Elections. Demographic information for actual voters in past elections were used to construct sample target weights. OSP paid for all costs associated with this survey.
