

# VOTERS DO NOT SUPPORT HR1 The For the People Act

**Voters do not support removing states' ability to control their own elections and giving that control to the federal government.**

## THESE MESSAGES WORK BEST

**Voters are less likely to support HR1 when they know:**

Giving the federal government control over elections **could create loopholes that result in some 16-year-olds voting.**

Federal control of elections could force **force states to use same-day voter registration.**

■ MORE LIKELY ■ LESS LIKELY ■ UNSURE

# VOTERS DO NOT SUPPORT HR1 The For the People Act

## KEY MESSAGES

Voters are less likely to support HR1 when they know:

it could **result in people voting who are not U.S. citizens.**

states would **automatically register all adults to vote**, even if they aren't eligible.

it could put **Independent and third-party candidates at a disadvantage.**

it would **politicize the vote counting process.**

large states like CA and NY would have the power to **determine all future presidential elections.**

it could **give the Democrats a path to one-party rule.**

#### Gender

48% MALE 52% FEMALE

Results for this poll are based on automated telephone interviews conducted among a nationwide sample of 516 likely voters. Data for this survey research was collected by Cor Services, Inc.

Interviews were conducted via a computer-assisted telephone interviewing system utilizing techniques designed to achieve the highest possible respondent cooperation.

The surveys were conducted February 23-25, 2021. The margin of sampling error is plus or minus 4.31 percentage points. The margin of sampling error may be higher for certain subgroups. Results presented may not always appear to total 100 percent due to rounding.

Data was sampled using weighted demographic information from the U.S. Census Bureau's Current Population Survey Voting and Registration Supplement and the state election authorities. Demographic information for actual voters in past elections were used to construct sample target weights.

The Foundation for Government Accountability paid for all costs associated with this survey.
