VOTERS SUPPORT EXPANDING VOTER PROTECTIONS

New Hampshire voters want to require voters to have a valid reason before requesting an absentee ballot...

... and would require those voting absentee to send a copy of their photo ID when turning in their ballots.

New Hampshire voters further support third-party witnessing of all absentee ballot signatures.

Results for this poll are based on automated telephone interviews conducted among a statewide sample of 523 likely New Hampshire voters. Data for this survey research was collected by Cor Services, Inc.

Interviews were conducted via a computer-assisted telephone interviewing system utilizing techniques designed to achieve the highest possible respondent cooperation.

The surveys were conducted February 17-20, 2021. The margin of sampling error is plus or minus 4.29 percentage points. The margin of sampling error may be higher for certain subgroups. Results presented may not always appear to total 100 percent due to rounding.

Data was sampled using weighted demographic information from the U.S. Census Bureau's Current Population Survey Voting and Registration Supplement and the state election authorities. Demographic information for actual voters in past elections were used to construct sample target weights.

Opportunity Solutions Project paid for all costs associated with this survey.
